A four-sheet double-hemisphere world map

DUNN, Samuel.
A General Map of the World, or Terraqueous Globe with all the New Discoveries and Marginal Delineations, containing the most interesting particulars in the Solar, Starry and Mundane System.

London: Robert Sayer, 1787. Original colour with additions. Four sheets conjoined, total 1030 x 1230mm.

£6,500

A large and impressive double-hemisphere wall map of the world, updated to show all three of Cook's circumnavigations. Around the main map are other illustrations, with two celestial spheres in the upper cusp and the moon in the lower, as well as a world map on Mercator's Projection and a chart of the Solar System.
