

An uncommon 17th century map of Majorca

CORONELLI, Vincenzo Maria.
 Isola di Maiorica.

Venice, c.1690. 180 x 245mm, with wide margins.

£450

A very fine example of this unusual version of Coronelli's map of Majorca, from his 'Corso Geografico' rather than the 'Isolario', so without the text that usually surrounds the map. It is orientated with north at the bottom of the map, with two compass roses highlighting this.
