

A 16th century miniature map of France

LANGENES, Barent.
 Gallia.

Amsterdam, Cornelis Claez, 1599, Dutch text edition. 85 x 125, with letterpress surtitle and pagination.

£80

A scarce map of France, engraved by either Pieter van den Keere or Jodocus Hondius for the 1598 'Caert-Thresoor', with a text by an unknown author. Despite being published a year after the first edition, this is a second state: the left border has been re-engraved with latitude graduations. The title is engraved in the Bay of Biscay. By 1600 this map was being published in the 'Tabularum Geographicarum' with a text by Petrus Bertius, and in 1616 a new plate was engraved by Jodocus Hondius II, slightly larger and with wider borders with scales of longitude and latitude.
