

A large folding map of England and Wales in fine colour

FADEN, William.

A New Map of England & Wales Projected upon the Trigonometrical Operations made for the General Survey of the Kingdom.

London: James Wyld, 1830. Fine original colour. Four sheets conjoined, dissected and laid on linen, total 1265 x 990mm, folded into original slip case with printed title label.

£500

A detailed map of England and Wales, also showing the main roads north to Perth in Scotland just prior to the age of railways. The colouring used to denote the counties is particularly fine and bright.
