

17th century miniature view of Medina

MALLET, Alain Manesson.
Medine.

Paris, 1683. Coloured. 140 x 105mm, set in text.

£185

A miniature view of Medina, with a column of pilgrims approaching the city. It was published in the 'Description de l'Univers', a five-volume work by Mallet (1630-1706), a military engineer, cartographer and mathematician in the service of the French King, Louis XIV.
