

An updated edition of the SDUK New Zealand

SOCIETY FOR THE DIFFUSION OF USEFUL KNOWLEDGE.
 The Islands of New Zealand.

London: Charles Knight, c.1844. Original outline colour. 410 x 340mm.

£200

A detailed map of New Zealand corrected, according to the publication line, in October 1844. Most of the amendments reflect the exploration of the North Island and Cook's Strait in the aftermath of the Treaty of Waitangi, with new names (including New Plymouth), more hachuring for geographical features, and the addition of Lake Taupo.
