

Late 18th century map of Florida & Georgia

TARDIEU, Pierre Franois.
 Carte de la Floride et de la Georgie.

Paris, c.1795. Original colour. 330 x 435mm.

£550

An uncommon map of the American south-east, including Florida, Georgia, Alabama, Mississippi, Louisiana and South Carolina, with the Bahamas. Of interest is the depiction of the Gulf Coast and the oversized Tampa Bay and Baie du St. Esprit. A fine example.
